

Saving and Exporting Essays

<i>Teachers and Students:</i> Click Portfolio, Select Essay Type, Group, Prompt and Revision desired. For example, to view or save submissions that show writing growth, select First and Most Recent Revision. To View latest essay choose Most Recent <i>Teachers:</i> To select <u>individual students</u> instead of a group, click the tab Individual Portfolios instead of the Group Portfolio	
Select all essays by clicking the plus (+) sign to the left of Last Name. You can uncheck any essays you do not want to view. Or, just select one or more essays individually.	
To the right of Essay Actions, click the down arrow and select View/Print/Save Essay Actions:	
If you do not want to include the prompt text for each essay, click Show/Hide All Prompts. You can now read all essays	
OPTION 1 Exporting and Saving	
Click Essay Export Preview found at the top right to display the essays you have selected.	
Click Save	
Your File is now downloaded as an essaysExport and can be found at the bottom of the screen.	
Double Click on the File to open on your computer. You can now <u>edit</u> or <u>save</u> in a folder as a PDF or other format.	
OPTION 2 – Saving or Printing	
Click Print	
Choose Destination printer to print or Save as a PDF
